

2021 Compass

Jeep[®]

these roots
have run deep
since 1941

BORN AS A PURPOSE-BUILT 4x4 FOR THE FRONT LINES OF WWII IN 1941, JEEP® 4x4s SOON TRANSITIONED FROM THE BATTLEFIELDS TO THE FARM FIELDS AND BACKROADS, WHERE THEY DILIGENTLY KEPT UP WITH HARD DAILY USE IN INDUSTRY AND RECREATION ALIKE. THROUGH 80 YEARS AND ALL MANNER OF TERRAIN AND WEATHER, A GROWING LINEUP OF JEEP® 4x4s HAS CONSISTENTLY MOVED THE BAR WITH STRONG DRIVETRAINS, INNOVATIVE DESIGNS AND QUALITY COMPONENTS THAT STAND OUT FROM ALL OTHER 4x4 SUVs.

make a true

connection

Compass makes a fresh statement with distinctive updates that are all at once unique, eye-catching and authentically representing iconic Jeep® Brand style. New Uconnect® 5 offers next-generation technology that features an available large 10.1-inch touchscreen display, and a new available 10.25-inch all-digital, full-color Driver Information Display (DID) that's seamlessly integrated into the cluster. It presents a range of vehicle data accessible via steering-wheel controls. New safety and security features usher in a new era, with available Pedestrian/Cyclist Emergency Braking, Traffic Sign Recognition, Parallel & Perpendicular Park and Unpark Assist System and a Surround-View Camera System.

elevate the urban landscape

The Jeep® Compass arrives with refreshed, authentic design cues that add unique flair. There's the upscale new interpretation of the Brand's seven-slot grille incorporates the Brand's new textures and waterfall design. Just as noticeable are the fluid lines of the trapezoidal wheel wells, and updated, available Bi-function LED projector headlamps with an LED signature strip. A full suite of new and advanced safety and security features adds another level of peace of mind to all travels.

freedom, meet imagination

Jeep® Compass merges the freedom to Go Anywhere, Do Anything® with inspiring exterior features, like the new, available automatic, Bi-function LED projector headlamps and redesigned LED taillamps with a unique LED signature strip of lights that stand out, day or night. A generous infusion of eye-catching chrome or Neutral Grey accents on the grille surrounds, redesigned fog lamp bezels, lower front and rear accents, door-trim molding, badging and available roof rail inserts, plus the bottom cladding and available Black roof adds upscale distinction for an impressive display of extra sophistication. Body-color bottom cladding with Neutral Grey inserts and available Atmospheric Grey roof distinguishes S trim from the rest. Available leather-trimmed heated front seats and standard leather-wrapped steering wheel with available heated function offer quick warmth and are welcomed premium features.

technology-driven

Compass S sets a thoroughly new, refreshing scene with its impressively updated cabin. It features a wrapped mid-pad with soft touch surfaces adorned with accent stitching, a unique underlining appliqué finish and chrome accent surround. A large 10.1-inch Uconnect® 5 touchscreen dominates the dash, delivering the next generation in connectivity and technology, including wireless Apple CarPlay®^{1*} compatibility and Android Auto™² integration. The redesigned standard leather-wrapped steering wheel holds convenient fingertip controls for audio and cruise control features. View their status, and more, on the standard 7-inch or available 10.25-inch all-digital, full-color Driver Information Display (DID).

take it all in

Dramatic and inspired, the Leather Seat Ventilated Pack raises interior finery to elegant heights and includes premium leather-trimmed, cushioned seats that are generously padded, providing welcome, comfortable support. The ventilated power 8-way driver's and front-passenger seats with driver's seat memory and a power 4-way lumbar adjust help keep fatigue at bay. The rear-passenger seat provides a 40/20/40 split, allowing welcome configurations to accommodate cargo needs. Available on Trailhawk,[®] Limited and S models. Standard Dual-Zone Automatic Temperature Control (ATC), two USB ports and an available Wireless Charging Pad for your devices are all accessed via the redesigned center console. And an available tri-tone interior color palette on Limited models imparts elegant sophistication.

The dual-pane sliding-glass ceiling spans the full length of the roof and includes a power-controlled sunshade and glass panel with vents in the front and a fixed-glass window in the rear. Pinch protection keeps hands and fingers safe. Available.

Invite more light into the cabin with the available Dual-Pane Panoramic Power Sunroof. With the power sunshade, there's more than an amazing way of looking at the world — you'll experience a new world of fresh-air freedom altogether. Jeep[®] Compass is as eye-catching as it is functional with an available Gloss Black roof. Compass S models stand out with an available Atmospheric Grey roof and side mirrors. The roof seamlessly integrates with the Dual-Pane Panoramic Power Sunroof, conveying a design of contemporary sophistication.

Selec-Terrain® Traction Management System

ROCK Delivers Trail Rated® Four-Wheel-Drive (4WD) Low capability thanks to its locking rear differential, allowing you to crawl over rugged terrain at appropriately safe speeds. Standard on Trailhawk®.

SAND/MUD Maximizes low-speed traction by allowing additional wheel-slip via specifically tuned chassis controls, differentials and transmission ratios.

SNOW Adjusts for ultimate performance over snow- and ice-covered roads by maximizing vehicle stability and minimizing oversteer. Major systems auto-engaged and managed in this mode include antilock brakes and traction control.

AUTO In this mode, Selec-Terrain® does all the work, automatically adjusting vehicle dynamics to best suit the road. To help ensure optimal efficiency, the rear driveline disengages when not needed.

Every Jeep® Compass equipped with available 4x4 capability arrives with a Jeep Selec-Terrain Traction Management System, giving you the power to tackle Mother Nature's toughest conditions. Its selectable toggle switch features Sand/Mud, Snow and Auto settings and, exclusive to Trailhawk, Rock Mode that doubles down on traction control to help master challenging conditions during on- or off-road travels. Selec-Terrain effectively coordinates several vehicle systems, including throttle control, transmission shifting, transfer case, traction control and Electronic Stability Control (ESC).³

power through with Trailhawk®

The Trail Rated® Jeep® Compass Trailhawk® raises your confidence to go out and boldly conquer the most challenging road conditions out there. With Trailhawk, you're equipped to experience everything the road has to offer. You're sure-footed thanks to authentic Trail Rated Jeep Brand DNA. The Trail Rated badge of honor tells the world your Jeep Compass is fully equipped to Go Anywhere, Do Anything® and perform with exceptional Four-Wheel-Drive (4WD) capability. Every Trail Rated vehicle must successfully pass tests in five performance categories: Traction, Articulation, Maneuverability, Ground Clearance and Water Fording.⁴ Standard on Trailhawk.

The Winter Pack, available on Longitude, Trailhawk, Limited and S models, gathers welcome comforts designed to quickly chase away the cold. This Package enhances your experience of winter's wonder with a heated leather-wrapped steering wheel, heated front seats and a windshield wiper de-icer.

A photograph showing the interior of a vehicle from the passenger side looking towards the driver's seat. The view is dominated by a large sunroof that is open, revealing a bright, hazy sky. Below the sunroof, the interior is finished with light-colored, possibly piano black, trim. The seats are upholstered in black leather with visible stitching. On the backrests of the front seats, the word "TRAILHAWK" is embroidered in a red color. The overall atmosphere is clean, modern, and spacious, suggesting a lifestyle of freedom and adventure.

designed for a
lifestyle of freedom

Trailhawk® is designed to help make your life more adventurous, and its sport-inspired cabin is designed to keep you comfortable and traveling in style while you're at it. Ruby Red and Diesel dual-accent stitching stands out on the cushioned seating, with Piano Black bezels offering additional enhancements. The Trailhawk logo is embroidered in Ruby Red on the front seatbacks, a proud announcement of this vehicle's authentic DNA.

confidence
forged by capability

The Trail Rated® Trailhawk® is fully primed to boldly conquer the most challenging road conditions out there. Trailhawk raises your confidence with its sure-footed prowess and a long list of available safety and security features, all working together to fortify you with all-weather 4x4 capability. It presents a unique profile, with a 25.4-millimeter increase in height; rugged lower, front and rear cladding; an available Black-painted roof and new signature Black and Red hood decal; unique 17-inch wheels and tires; skid plates; and rear signature Ruby Red tow hook and badging. The standard Jeep® Active Drive Low full-time 4x4 system, equipped with standard Selec-Terrain® with Rock Mode, operates to safely usher you up, over and across the most challenging roads.

Every 4x4 Jeep Compass can forge streams up to 482.6 millimeters deep.⁴ Your world of adventure opens up and you can safely travel to destinations that other, less capable SUVs can only dream of reaching.

styled to
take you everywhere

Jeep® Brand powertrains

1.4 MultiAir® Turbo with Engine Start/Stop (ESS) Technology Excellent efficiencies take you far with this small but powerful engine. Its advanced components are specifically engineered to reduce friction and enhance performance. Mated with the 6-speed manual or 7-speed dual dry clutch automatic transmissions. Engine standard on Front-Wheel-Drive (FWD) models.

2.0 Turbo Diesel with ESS Take charge of this powerhouse that's mated to the 6-speed manual transmission or when joined with the 9-speed automatic transmission. Engine standard on Trailhawk® models and available on remaining Compass models.

2.4 Tigershark® MultiAir2 I-4 engine Engineered to deliver the best of both worlds: a quiet and refined performance backed by the ability to power through tough terrain. A clean-burning, fuel-efficient workhorse. This engine is available with and without ESS Technology. The 2.4 Tigershark® engine with ESS is available on Sport and Longitude FWD models when paired with the 6-speed automatic transmission. And, available on Longitude, Limited and S 4x4 models when paired with the 9-speed automatic transmission. The 2.4 Tigershark engine without ESS is standard on Longitude, Limited and S 4x4 models with the 9-speed automatic transmission and available on Trailhawk models.

Engine Stop/Start (ESS) Technology This welcome feature on Jeep® Brand engines helps minimize emissions while optimizing efficiency. ESS seamlessly turns off the engine at stops, then restarts it when the brake pedal or clutch is released and the transmission is engaged. Available.

9-speed automatic transmission with AutoStick Smooth gear transitions through all nine gearshifts deliver a ride that feels luxurious and confident. Economies are maximized, and performance is optimal at all times. Standard on 4x4 models.

7-speed dual dry clutch automatic transmission with AutoStick Standard on S FWD models and available on Sport, Longitude and Limited FWD models.

6-speed automatic transmission with AutoStick This compact, lightweight transmission offers a high-precision clutch that's smooth and responsive. It's a highly efficient performer that helps realize economies thanks to its next-generation electronics. Available on Sport and Longitude FWD models.

6-speed manual transmission For those who love to do the shifting themselves, you'll have fun taking this transmission through its paces. Its compact design is nice and quiet, especially at highway speeds. Economies are realized, adding to its appeal. Standard on Sport, Longitude and Limited FWD models.

diligent safety and security

SURROUND-VIEW CAMERA SYSTEM

PARKSENSE® REAR PARK ASSIST SYSTEM⁵
This system uses rear ultrasonic sensors to determine relative distance to objects in your back-up pathway. Read-outs in the Driver Information Display notify the driver of rear-object proximity. Available.

FULL-SPEED FORWARD COLLISION WARNING PLUS (FCW+)⁶ Sensors detect when Jeep® Compass may be approaching another vehicle too rapidly. They may send an audible and visual alert to the driver and may provide braking if necessary. Available.

ADAPTIVE CRUISE CONTROL WITH STOP & GO⁷
Take the guesswork out of keeping a safe distance from the car ahead while cruising on the highway. The system automatically adjusts cruising speed to maintain a preset distance between you and the vehicle ahead and can bring Jeep Compass to a complete stop without driver intervention to help avoid a collision. Available.

ELECTRONIC STABILITY CONTROL (ESC)³
A vehicle-wide network of safety sensors helps maintain vehicle control, providing instant aid should it detect you're veering off your intended path. ESC³ coordinates Electronic Roll Mitigation (ERM), Antilock Brake System (ABS) and Advanced Brake Assist, All-Speed Traction Control, and Trailer Sway Control (TSC)⁸, sending them into action when needed. Standard.

ACTIVE LANE MANAGEMENT SYSTEM Provides a visual warning and steering-wheel movement should the vehicle drift outside of lane boundaries and an audible warning if the driver's hands are off the wheel. Available.

BLIND SPOT MONITORING⁹ AND REAR CROSS-PATH DETECTION¹⁰ SYSTEMS These systems monitor the space between you and other drivers. When a side or rear blind spot is encroached, you're notified via helpful icons illuminated on sideview mirrors and an audible chime. Available.

PARALLEL & PERPENDICULAR PARK AND UNPARK ASSIST SYSTEM This active guidance system controls steering automatically. You can take your hands off the steering wheel and let the system's ultrasonic sensors help you ease into parking spots as you gently brake and change from Reverse to Drive as needed. Unpark Assist helps navigate your way out of parking spots. It controls the vehicle's steering while providing the driver with gear and braking instructions. Available.

PARKSENSE FRONT AND REAR PARK ASSIST SYSTEM⁵ Ultrasonic sensors determine the relative distance to objects in your forward and rear pathways. Read-outs in the Driver Information Display (DID) provide notification of front- and rear-object proximity and an audible warning is given. Available.

PEDESTRIAN/CYCLIST EMERGENCY BRAKING Drivers are provided a warning and the vehicle automatically decelerates to help avoid an impending collision with a pedestrian or cyclist ahead. Available.

AUTOMATIC ELECTRONIC BRAKE HOLD This safety feature maintains pressure on the brakes to help the vehicle remain in place until the driver applies the accelerator, and is especially useful in stop-and-go traffic. Available.

SURROUND-VIEW CAMERA SYSTEM Views from several perspectives, including top, rear and panorama, are stitched together and displayed on the DID, and provide help when parking either manually or automatically. Available.

TRAFFIC SIGN RECOGNITION A forward-facing camera captures upcoming images of traffic signs, providing the driver with information on the DID. Available.

INTELLIGENT SPEED ASSIST (ISA) Working in tandem with other safety features, this system automatically adjusts vehicle speed to the legal speed limit or within a driver-selectable parameter. Available.

PUSH-BUTTON START This feature pairs with your key fob. When you're seated and ready to head out, press on the brake, then push the "Start/Stop" button. The engine comes to life and you can shift into Drive and go. Available.

KEYLESS ENTER 'N GO™ Simply keep your key fob in your pocket, grab the door handle and climb in. Once inside, start the engine by pressing the "Start/Stop" button while applying the brake, shift into Drive and go. Available.

SECURITY ALARM This system protects the vehicle from theft by monitoring door-ajar switches and the ignition circuit for unauthorized entry. Available.

Rain-Sensitive Windshield Wipers and Rain Brake Support Showers should never be a showstopper. Front wipers activate when raindrops are detected. Available. The smart Rain Brake Support System helps dry the front brake rotors on wet roads. Standard.

Trailer Sway Control⁸ Crosswinds and traffic hold no sway over you and your payload. As part of Electronic Stability Control,³ TSC⁸ helps keep you and the toys you tow safely on course. Standard.

70 plus
STANDARD AND AVAILABLE SAFETY FEATURES

A Secure Air Bag¹¹ System Your need for security is fully respected with this all-around air bag¹¹ system. Full-length side-curtain, seat-mounted side thorax and single-stage driver and dual-stage front-passenger air bags¹¹ all work together to help provide protection. Standard.

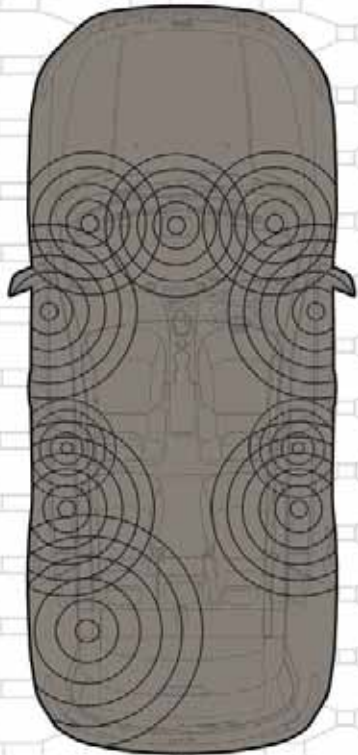

Chassis Strength Ride with fortitude. Jeep[®] Compass delivers exceptional peace of mind with a champion's heart — a strong unibody structure is engineered with approximately 70-percent hot-stamped steel. Standard.

ParkView[®] Rear Back-Up Camera with Active Grid Lines⁵ Back out safely with grace. This system helps bring previously hidden rear objects to your attention on-screen in good time to react. You can also keep an eye on anything in tow while in motion. Available.

Tire Pressure Monitoring System Sensors immediately provide notification via the Driver Information Display if pressure drops below the minimum acceptable level on any tire. Standard.

Integrated Voice Command with Bluetooth[®] Allows drivers to safely send, reply or listen to a text¹² and take or make phone calls while keeping both hands on the wheel. Standard.

////ALPINE.

The Premium Alpine® Nine-Speaker System is known for its outstanding tonal balance and definition. This system helps create a haven of audio enjoyment, delivering an impressive, realistic sound experience. It features a 12-channel, 506-watt amplifier, nine perfectly placed speakers including a dual voice coil, and an 8-inch subwoofer that work together in perfect harmony. Available.

concert-quality
audio experience

expand the rules of play

1251 liters of cargo room

Loading the rear cargo area with arms full of gear or groceries is easier with the Foot-activated Open 'n Go power liftgate. Simply swipe your foot under the tailgate to open the rear hatch. Available.

The height-adjustable cargo floor adjusts up to three levels to accommodate the variety of items you need to carry. Keep the floor level for easy loading. Available.

Properly secure all cargo.

With the swipe of a foot under the rear bumper, the power liftgate opens, freeing your hands to keep hold of grocery bags. A generous cargo area lets you carry on as you see fit, with room to accommodate gear, luggage and the family pet. Flip the second-row seats forward to reveal 1251 liters of room to carry along everything you need. With multiple cup holders, cubbies and storage areas, Jeep® Compass helps keep trips organized and uncluttered.

Stash it. The center console can carry devices, phones, cameras and snacks. Handy cup holders are situated in the doors, center console and rear-passenger area. Standard.

Configure it. The configurable 60/40 or 40/20/40 split-folding rear seats give you plenty of options. Rear passengers can adjust them to their liking. Two cup holders are revealed by folding down the center armrest. Flip down one or both of the split seats to accommodate your gear. Standard.

Stow it. Keep your cabin neatly organized with the many storage options throughout. The glove box opens to accept larger items. Standard.

Charge it. Set your smartphone on the Wireless Charging Pad for quick and convenient recharging. A Blue indicator light lets you know your device is charging, and when it's fully charged, you'll be notified with a Green light.

Get the big picture up front and faster than ever with the next-generation, available Uconnect® 5 NAV with 10.1-inch touchscreen display and pinch-to-zoom capability.

Every Jeep® Compass arrives with a Media Hub including a 12-volt power outlet, two USB ports for charging and data input, and a second USB port for second-row passengers. Wireless Apple CarPlay®¹ compatibility and Android Auto™² integration are standard on all 7-, 8.4- and 10.1-inch radios.

Fingertip controls on the redesigned leather-wrapped steering wheel instantly scroll you through a selection of vehicle data displayed front and center on your instrument panel. Set your cruising speed with the available Intelligent Speed Assist (ISA) or, with the available Adaptive Cruise Control with Stop & Go,³ configure your speed and how much space to keep between you and the car ahead. Brakes are automatically applied and speed adjusted should the car ahead slow down. You'll even come to a complete stop without driver intervention to help avoid a collision.

Look front and center at the new 10.25-inch all-digital, full-color Driver Information Display (DID) for a range of vehicle data accessed via controls on the steering wheel.

Instantly, you'll scroll through a selection of vehicle data displayed front and center on your instrument panel in living color. You'll quickly access vehicle performance stats, vehicle alerts, fuel consumption data and more. Standard on Trailhawk® models. Available on Longitude, Limited and S models. The 7-inch full-color DID is standard on Longitude, Limited and S models. The 3.5-inch Black-and-White, high-resolution DID is standard on Sport models.

IN TOUCH WHEREVER YOU GO

The Uconnect® system is your customizable, connected vehicle platform dedicated to safe and seamless communication, navigation and entertainment — all from one easy-to-use touchscreen.

COMPATIBILITY YOUR WAY

Uconnect brings a wide range of interactive features to your vehicle and beyond through a highly intuitive communication experience.

UCONNECT® PHONE

Stay connected safely. Pairs a Bluetooth® phone to send and receive hands-free¹³ calls. Includes:

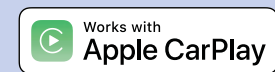

- **DO NOT DISTURB** to route incoming calls to voice mail and suppress text messages¹²
- **VOICE RECOGNITION** to make hands-free¹³ calls, listen and respond to text messages,¹² record voice memos, and select media stations and navigation destinations

DRAG-AND-DROP MENU BAR

We've made it easy to customize your Uconnect dashboard with your favorite features and services. Simply press the Uconnect icon on the main menu bar to view all of the available apps. Tap and hold any one of the icons to drag and drop into a personalized menu bar.

Bring the best of Google with you in your Uconnect system. Talk to Google on Android Auto™² and get things done with your voice so you can keep your focus on driving. Easily send messages, get directions, control media and more. Just say, "Hey Google" or long-press the voice-control button on your steering wheel. Available.

Display your favorite iPhone® apps right on your Uconnect touchscreen. Access your iTunes® library, call anyone in your contacts list or just ask Siri®¹⁴ to help you out while you drive. Get directions, make calls and send messages, and connect to Apple Music, all without pausing your drive. Available.

2021 Compass

JEEP® COMPASS S Compass S stands proudly at the top of the lineup, with premium design elements and interior features adding both style and comfort. Gloss Black and Neutral Grey accents add sophistication to the front and rear fascias and the power-folding, heated exterior mirrors. Inside, eye-catching Light Tungsten accent stitching and Graphite-pattern appliqués, plus Piano Black with Chrome finish accents adorn the premium-wrapped instrument panel. Drivers enjoy special pampering with an 8-way power seat with 4-way power lumbar adjust and memory. The standard Uconnect® 5 10.1-inch touchscreen display dominates the dash, with wireless Apple CarPlay®¹ compatibility and Android Auto™² integration connecting smartphones to the system. Jeep® Active Drive full-time 4x4 system with its disconnecting rear axle paired with Selec-Terrain® Traction Management System adds capability to those desiring authentic Four-Wheel-Drive (4WD) action.

(3) Always drive carefully, consistent with conditions. Always wear your seat belt and obey traffic laws. (4) Do not attempt water fording unless depth is known and consistent with the vehicle's water fording rating in the Owner's Manual. Traversing water can cause damage that may not be covered by the new vehicle warranty. Always off-road responsibly in approved areas. (5) Always look before proceeding. An electronic drive aid is not a substitute for conscientious driving. Always be aware of your surroundings. (6) This system is an alert system for the front of the vehicle. It is not a substitute for active driver involvement. The driver must remain aware of traffic conditions and be prepared to use the brakes to avoid collisions. (7) This system is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of traffic conditions and be prepared to use the brakes to avoid collisions. (8) Always drive carefully, consistent with conditions. (9) Always check visually for vehicles prior to changing lanes. (10) Always check entire surroundings visually before proceeding. (11) Always sit properly in designated seating positions with seat belts securely fastened at all times. (12) Voice Text Reply feature requires a compatible mobile device that supports text messaging and Bluetooth. Visit www.UconnectPhone.com for system and device compatibility. (13) The Uconnect Phone requires a mobile phone equipped with the Bluetooth Hands-Free Profile. To check phone compatibility, please visit www.UconnectPhone.com. (14) Requires an iPhone with Siri. Certain features are not available while the vehicle is in motion. iPhone must be within active cellular range. Customer's existing iPhone data rates apply to Internet-supported features.
