

2021 Gladiator

Jeep[®]

these roots
have run deep
since 1941

BORN AS A PURPOSE-BUILT 4x4 FOR THE FRONT LINES OF WWII IN 1941, JEEP® 4x4s SOON TRANSITIONED FROM THE BATTLEFIELDS TO THE FARM FIELDS AND BACKROADS, WHERE THEY DILIGENTLY KEPT UP WITH HARD DAILY USE IN INDUSTRY AND RECREATION ALIKE. THROUGH 80 YEARS AND ALL MANNER OF TERRAIN AND WEATHER, A GROWING LINEUP OF JEEP® 4x4s HAS CONSISTENTLY MOVED THE BAR WITH STRONG DRIVETRAINS, INNOVATIVE DESIGNS AND QUALITY COMPONENTS THAT STAND OUT FROM ALL OTHER 4x4 SUVs.

all truck and all Jeep® 4x4

no toy
left behind

JEEP® GLADIATOR RIDES AHEAD OF ALL THE REST, ENGINEERED TO PULL, PACK AND DO EVERYTHING FOR THOSE WHO DEMAND MUCH, MUCH MORE FROM A PICKUP TRUCK.

TOW UP TO
2721 kg

WHEN YOU WANT TO EXTEND YOUR PLAYGROUND, YOU'LL WANT TO BRING ALONG MORE FUN. GLADIATOR HAS THE AVAILABLE STRENGTH AND CAPABILITY TO TOW SOME OF THE MOST IMPRESSIVE TOYS OUT THERE. GO ALL OUT AND OPEN UP YOUR WORLD.

Vehicle shown with dealer-installed towing equipment.
Offers up to 2721-kg maximum towing when properly equipped.
Always tow within the vehicle's capacity.

EXPLORE MORE It stands apart, with open-air freedom as its calling card. Jeep® Gladiator is purpose-built to deliver you and loads of gear to places you've always dreamed of going.

UP TO
601-kg PAYLOAD

This versatile 1531- x 1442-mm truck bed is built to carry most everything to every place you dream of reaching. Its three-position tailgate, available spray-in bedliner and tonneau cover all add more function to your fun.

open up to
unlimited
possibilities

this Trail Rated® pickup truck starts with 80 years of innovation

SELEC-TRAC® FULL-TIME 4x4 SYSTEM This proven system, with its active 4x4 transfer case, does all the thinking so you can enjoy the drive. It sends torque to the wheels with the most grip, providing continuous, optimum traction for all types of conditions. The Smart Lock feature keeps the system engaged during off-roading or inclement road conditions. Standard on Sport and Overland.®

ROCK-TRAC® FULL-TIME 4x4 SYSTEM This system offers capability with its 4:1 low-range gear ratio to help Gladiator Rubicon® crawl at a low speed for greater control and increased amount of torque and traction over changing road conditions. Standard on Rubicon.

IN 1941, THE JEEP® BRAND OPENED THE DOOR TO AUTHENTIC CAPABILITY, AND EVER SINCE, IT'S BEEN MOVING THE WORLD FORWARD WITH INDUSTRY-CHANGING ENGINEERING INNOVATIONS THAT GIVE YOU PERMISSION TO GO ANYWHERE, DO ANYTHING.®

the guts to get you there

SELEC-SPEED® CONTROL Manages vehicle speeds of 0.9 kph to 8 kph in 4-LO while traversing off-road terrain without requiring the driver to control the throttle or the brake. This helps the driver focus on steering the vehicle, letting Jeep® Gladiator put the right amount of power or braking onto the ground. Standard with 8-speed automatic transmission.

HILL START ASSIST (HSA) Works to prevent Gladiator from rolling when starting on an uphill gradient. Standard.

SELECTABLE TIRE-FILL ALERT When you're airing down tires for off-road situations, the system will chirp the horn when a pre-selected pressure is reached. When you're adding air back, it chirps the horn upon reaching the recommended on-road pressure. Available.

WHEN THE GOING GETS TOUGH, JEEP® GLADIATOR GETS YOU WHERE YOU NEED TO GO. YOU'RE SUPPORTED WITH A FULL LINEUP OF FEATURES THAT HELP YOU MANAGE YOUR PROGRESS AND PROTECT YOUR VITAL PARTS WHILE KEEPING YOU INFORMED OF VEHICLE PERFORMANCE ALL ALONG THE WAY.

OFF-ROAD PAGES
Access real-time performance data like suspension travel or keep an eye on your tilt-and-pitch. In-depth vehicle diagnostics, including wheel turn, articulation and transmission temperature, all help to provide an optimized experience. Available.

U.S. Uconnect® screen shown.

STEEL BUMPERS Built with ultra-strong steel to take the punishment of the trails. The front bumper can accept a winch, features integrated LED fog lamps and has removable* end caps to help maneuver through tight spots. Available.

SKID PLATES Heavy-gauge steel rock rails provide additional rocker panel and bed protection on every Rubicon.® Up to four skid plates/bars, made from lightweight high-strength steel, help protect the underbody. Standard.

TOW HOOKS Gladiator can be equipped with up to two tow hooks up front and at least one in the rear. The Rubicon model receives painted Red front hooks and two rear hooks.

U.S. vehicle shown.

FORWARD-FACING OFF-ROAD TRAILCAM²
Mounted within the grille, provides an up-close view of the trail directly in front of your vehicle, helping you navigate over and around obstacles. Available on Overland® and Rubicon models.

* A note about this brochure: all disclosures can be found on the last page.

locked-in

TRU-LOK® DIFFERENTIALS Front and rear electronic-locking differentials deliver maximum torque to both wheels, maintaining forward momentum for the ultimate in 4x4 traction. An instrument panel-mounted rocker switch can lock either the rear or both (on Rubicon® models) axles. Paired with Rock-Trac® full-time 4x4 system on Rubicon models. New for the 2021 model year, the rear axle can now be locked in 4-HI.

OFF-ROAD+ When engaged, it automatically deciphers the type of terrain Jeep® Gladiator is operating on and makes adjustments to key systems, including throttle, Selec-Speed® Control, traction control and transmission shift mode, for optimal performance. If enabled in 4-HI, it tailors operation for higher-speed sand performance. If enabled in 4-LO, it adjusts operation for low-speed rock-crawling maneuvers. Standard on Rubicon models.

FRONT SWAY BAR DISCONNECT SYSTEM Flip a switch and the sway bar can be disconnected in 4-LO and 4-HI, allowing the front suspension to travel up to an additional 30 percent. It reconnects automatically at speeds above 28 kph. Standard only on Rubicon models.

yet flexible

the trademark that
is the benchmark

WHEN YOU SEE A JEEP® GLADIATOR BEARING A TRAIL RATED® BADGE,
YOU CAN BE SURE OF ITS CAPABILITY IN THESE CATEGORIES:

Articulation — A higher level of suspension travel allows for better control over varied terrain.

Traction — Efficiently transfers power to traverse varied surfaces with consistent grip.

Ground Clearance — Approach, breakover and departure angles are all maximized.

Maneuverability — Precise, responsive steering and an optimized wheelbase.

Water Fording² — Can traverse water depths up to 762 mm.

room to breathe

UNFETTERED OPEN-AIR FREEDOM IN EVERY DIRECTION MAKES JEEP® GLADIATOR ABSOLUTELY UNIQUE. INVITE THE SUNSHINE INSIDE FOR THE RIDE, ALONG WITH ALL THE GOODS YOU WANT TO CARRY IN THE TRUCK BED. LET NOTHING STOP YOU FROM FEELING THE WIND IN YOUR HAIR WITH NO SEPARATION BETWEEN YOU AND THE SCENERY AT HAND.

REMOVABLE¹ TOPS

Open-air driving has never been more fun with the standard Premium Sunrider® Soft Top or available Freedom Top® Modular Hardtop.

REMOVABLE¹ DOORS

Made of lightweight aluminum, the doors are designed for easy removal¹ with the included TORX® tool kit.

FOLD-DOWN WINDSHIELD¹

The aluminum-framed windshield is easy to unfasten, fold down and secure to the hood¹ with provided straps.

NO OTHER TRUCK SHEDS ITS
INHIBITIONS LIKE JEEP® GLADIATOR.
IT HAS AN IMPRESSIVE LIST OF
FEATURES THAT BRING THE
OUTSIDE IN, PROVING THAT
THIS PICKUP TRUCK TRULY
IS OPEN FOR ANYTHING.

U.S. Uconnect® screen shown.

PREMIUM SUNRIDER® SOFT TOP

Standard on all Jeep® Gladiator models, with an easy-to-use zipperless design. Its simple operation allows the top to glide open with the help of spring-loaded support bars. Crafted from heavy-duty, waterproof cloth material and comes in Black.

FREEDOM TOP® MODULAR HARDTOP

This three-piece hardtop is light and easy to remove! For a full open-air experience, you can take off¹ all three sections or let in the sun by just removing¹ the two front panels. Available in Black or body-color depending on model.

MADE FOR MORE Reach in any direction and there's something great at hand. Gladiator places sun and more fun, as well as connections, controls and abundant storage, within easy reach.

U.S. Uconnect® screen shown.

equal parts
rugged
and refined

INSPIRED BY JEEP® BRAND HERITAGE, THIS INTERIOR IS ALSO INSPIRED BY MODERN DESIGN, FILLED WITH PREMIUM MATERIALS AND CREATURE COMFORTS AND INFUSED WITH THE LATEST LEAPS IN MUST-HAVE TECHNOLOGY.

REMOTE START SYSTEM⁴

Climb into a pleasantly pre-heated or pre-cooled Jeep® Gladiator — up to a 91-meter range. Available.

HEATED FRONT SEATS

You have three adjustments to choose from for each seat, so you can tailor your level of warmth to weather conditions and personal preference. Available.

HEATED STEERING WHEEL

Set this optional feature to automatically warm the full 360° circumference of the wheel when temps dip below 4°C. Available.

HEATED MIRRORS

Keep ice from building up and blocking your view with the safety and security of heated side mirrors. Standard.

REMOTE PROXIMITY ENTRY

Keep the key fob in your pocket, and you can simply open the door, get comfortably seated with your foot on the brake, press the Start button and head out. Available.

a closer look

7-INCH DRIVER INFORMATION DISPLAY

Front and center in the gauge cluster, you'll find a wealth of scrollable vehicle data in full color that you can safely control via steering-wheel buttons. Standard on Overland® and Rubicon® models. Available on Sport with Sport Plus Group.

MORE DURABLE Jeep® Gladiator is crafted with premium materials and more attention to detail so you can pay attention to the road ahead in comfort. This is style that steps it up to perform extra duty, for both business and pleasure.

attention
to detail

**AIR CONDITIONING WITH
AUTOMATIC TEMPERATURE CONTROL**

Constantly adjusts air temperature inside the cabin to create separate customized environments for driver and front passenger. Available.

U.S. Uconnect® screen shown.

immersive sound waves

ALPINE® PREMIUM SOUND SYSTEM

Surround yourself with an exhilarating audio experience that includes nine speakers, an overhead sound bar, an all-weather subwoofer and 552-watt amplifier. Available.

//////ALPINE®

music that
follows you
from camp
to cabin

PORTABLE BLUETOOTH® SPEAKER

Tucked behind the rear seat is a removable, weather-resistant, 254- x 139- x 69-mm Bluetooth® speaker you can take outside the cabin. Control buttons allow volume control, play/pause and pairing. A USB charging port and auxiliary cable input extend functionality. Resists dust as well as water (for up to 30 minutes in up to 1 meter of depth). Great for tailgating and camping. Available.

IN TOUCH WHEREVER YOU GO

The Uconnect® system is your customizable, connected vehicle platform dedicated to safe and seamless communication, available navigation and entertainment — all from one easy-to-use touchscreen.

Uconnect®

You're always connected with Uconnect, whether in your vehicle or via the app on your iPhone® or smartwatch, which allows you to start, lock and unlock your vehicle remotely.

COMPATIBILITY YOUR WAY

Uconnect® brings a wide range of interactive features to your vehicle and beyond through a highly intuitive communication experience.

UCONNECT® PHONE

Stay connected safely. Pairs a Bluetooth® phone to send and receive hands-free⁵ calls. Includes:

- **DO NOT DISTURB** to route incoming calls to voice mail and suppress text messages.⁶
- **VOICE RECOGNITION** to make hands-free⁵ calls, listen and respond to text messages⁶ record voice memos, and select media stations and navigation destinations.

DRAG-AND-DROP MENU BAR

We've made it easy to customize your Uconnect dashboard with your favorite features and services. Simply press the Uconnect icon on the main menu bar to view all of the available apps. Tap and hold any one of the icons to drag and drop into a personalized menu bar.

Display your favorite iPhone® apps right on your Uconnect® touchscreen. Access your iTunes® library, call anyone in your contacts list or just ask Siri®7 to help you out while you drive. Get directions, make calls and send messages, and connect to Apple Music, all without pausing your drive. Available.

Bring the best of Google with you in your Uconnect system. Talk to Google on Android Auto™8 and get things done with your voice so you can keep your focus on driving. Easily send messages, get directions, control media and more. Just say, “Hey Google” or long-press the voice-control button on your steering wheel. Available.

pull with confidence

DESIGNED TO SUPPORT YOUR ADVENTUROUS NATURE, JEEP® GLADIATOR HAS OVER 80 STANDARD AND AVAILABLE SAFETY AND SECURITY FEATURES THAT WORK TO HELP YOU SUCCESSFULLY NAVIGATE CHALLENGING WEATHER AND TERRAIN.

TRAILER SWAY DAMPING (TSD)⁹ When you're towing valuable toys, it's critical to help keep things under control. TSD⁹ helps improve handling should crosswinds and traffic become challenging. The system continuously monitors vehicle movement and adjusts brake pressure to individual wheels until you're moving safely forward once again. Standard.

Always tow within the vehicle's capacity.

ADVANCED SAFETY & SECURITY SYSTEMS

WHEN IT COMES TO YOUR WELL-BEING ON THE ROAD, JEEP® GLADIATOR IS READY AND WILLING TO STAND AS A CONSTANT GUARDIAN. GLADIATOR ENVELOPS YOU WITH MORE THAN 80 STANDARD AND AVAILABLE SAFETY & SECURITY FEATURES. SENSORS AND CAMERAS KEEP WATCH AROUND YOUR PERIMETER FOR COMPLETE PEACE OF MIND.

BLIND SPOT MONITORING¹⁰ AND REAR CROSS- PATH DETECTION²

Maintain a safe perimeter with the help of these sensor systems. Chimes and illuminated icons notify you when side or rear blind spots are encroached. Available.

PARKSENSE® REAR PARK ASSIST SYSTEM¹¹

Works in tandem with the ParkView® Rear Back-Up Camera² to help display previously hidden objects, bringing them to your attention on-screen and with an audible warning so you have time to react. At speeds below 6 kph, the system will automatically bring the vehicle to a stop if an object is detected. Standard.

FULL-SPEED FORWARD COLLISION WARNING PLUS¹²

Uses radar and sensors to video-detect when you may be approaching another vehicle too rapidly. An audible and visual alert is given or assists the driver in mitigating a potential collision. Available.

HILL START ASSIST (HSA)

Take to the hills fully loaded with confidence and a bed filled with goods. HSA works to prevent your vehicle from rolling when starting on an uphill gradient. Standard.

carve your
own path

ELECTRONIC STABILITY CONTROL (ESC)¹³

A vehicle-wide network of safety sensors helps maintain vehicle control, providing instant aid should it detect you're veering off your intended path. ESC¹³ coordinates Electronic Roll Mitigation (ERM), Antilock Brake System (ABS), Traction Control and Trailer Sway Damping (TSD),⁹ sending them into action when needed. Standard.

4xfortress

THIS HIGH-STRENGTH SUPER STRUCTURE HELPS
PROTECT EVERY OCCUPANT AND IS FILLED
WITH FEATURES THAT ADD PEACE OF MIND.

BODY STRENGTH The exceptionally solid safety cage consists of high-strength steel paired with lightweight aluminum, designed to make Jeep® Gladiator lighter in weight while still providing a very strong chassis. Standard.

NEXT-GENERATION FRONT AIR BAGS¹⁴ In the unfortunate occurrence of a collision, these air bags¹⁴ deploy nearly instantaneously, helping provide front-occupant protection. Standard.

SUPPLEMENTAL FRONT-SEAT-MOUNTED SIDE AIR BAGS¹⁴ Deploying from the outboard side of each front seat, these air bags¹⁴ enhance the protection of the driver and front-seat passenger in certain impacts. Standard.

ULTRASONIC AND ANTI-TILT SECURITY SYSTEM The alarm is activated by virtually any unauthorized movement, such as wheel removal or towing; illegal opening of a door, hood or swing gate; ignition start; cutting of battery leads; or motion inside the cabin. Available.

SENTRY KEY[®] ANTITHEFT ENGINE IMMOBILIZER A unique, embedded key code matched only to your vehicle helps keep your Gladiator safe and secure where you parked it. Standard.

ENHANCED ACCIDENT RESPONSE SYSTEM (EARS) This system helps make it easier for emergency personnel to see and reach occupants in the event of an accident, turning on interior lighting, flashing hazard lamps and unlocking power doors after air bag¹⁴ deployment. Standard.

LED LIGHTING GROUP Maintain a unique — and safe — presence after dark, and add extra visual security during the day. The traditional round headlamps are equipped with unique daytime running lamps (DRLs), and the Group's LED headlamps, taillamps and front LED fog lamps are designed to enhance visibility during inclement weather. Available.

UCONNECT® INTEGRATED VOICE COMMAND WITH BLUETOOTH® Multitasking is the way of today's world, even when you're on the road. This important safety feature allows drivers to safely send, reply or listen to a text;⁹ take or make phone calls, request detailed information like fuel prices, get navigation directions, and more while keeping both hands on the wheel. Standard.

PARKVIEW® REAR BACK-UP CAMERA² When the vehicle is in Reverse, the Uconnect® screen displays a wide-angle view of what's immediately behind your vehicle, revealing objects that may have been out of your sight line. On-screen dynamic grid lines help you see your back-up path or line up a trailer to your hitch. Standard.

TRAILER BRAKE CONTROL Raise or lower the brake pressure of your trailer brakes with the turn of a dial. Limited availability.

Always tow within the vehicle's capacity.

freedom is born from powerful choices

THESE JEEP® BRAND POWERPLANTS OFFER AN IMPRESSIVE MIX OF EFFICIENCY, POWER AND PULL

3.6 PENTASTAR® V6 ENGINE

Load up, set your waypoint, and confidently take on every adventure over mountains, hills and valleys. This award-winning engine is designed to deliver powerful pull with welcome efficiency. Economies are realized via enhancements, including a two-step Variable Valve Lift System specifically designed to remain predominantly in low-lift mode until more power is demanded, when it will quickly move into high-lift mode for improved combustion. Its cooled exhaust-gas recirculation and innovative weight-reduction strategies also aid efficiencies and power output while maintaining the smooth performance that's a recognized hallmark of the Pentastar® brand.

8-SPEED AUTOMATIC TRANSMISSION

The launch ratios for all eight gears have been optimized, tuning this 8-speed transmission to the exact structure, size and weight of your Jeep® Gladiator. Advanced software adjusts performance on the fly, based on variables such as temperature, cornering, hill grades, 4x4 gears and towing. Smooth and virtually seamless shifts, both up and down, deliver a consistently smooth ride. Standard.

HEAD FOR THE HILLS Jeep® Gladiator ushers you to the far end of the trail, with its capable strength and fortitude leading you ever forward. There are always new pathways awaiting exploration.

Properly secure all cargo.

accommodate every journey

THE MANY STORAGE OPTIONS FOUND THROUGHOUT JEEP® GLADIATOR HELP KEEP YOUR LIFE ON THE ROAD ORGANIZED. GLADIATOR OFFERS AN AMPLE AMOUNT OF CARGO ROOM WITH THE REAR SEATS FOLDED, SO YOU CAN GO ALL OUT WHEN YOU GET IT ALL IN.

MORE THAN TOUGH ENOUGH A traditional steel bed utilizes steel crossmembers to reinforce the load floor while the aluminum tailgate is damped. Utility and versatility are maximized with strong, integrated tie-downs, LED bed lighting.

SPRAY-IN BEDLINER This durable and attractive liner is available from the factory, helping to protect the cargo bed from whatever you throw at it. Available.

CARGO GROUP WITH TRAIL RAIL™ SYSTEM Keep cargo organized, secure and easily at hand. Three embedded rails with adjustable tie-down sliders run along the inside of the truck bed and behind the cab. This Group also includes a lockable rear underseat storage. Available.

ROLL-UP TONNEAU COVER Keep the valuables stored in your truck bed covered and protected. Made of extremely durable, water-resistant material, this cover rolls out from the cab and secures at the tailgate. You can flip back the last section to allow loading of longer items while keeping the rest of the tonneau and tailgate closed and secure. Durable straps secure the tonneau in its rolled position. Available.

THREE-POSITION SOFT-OPEN TAILGATE The standard lightweight aluminum tailgate is damped for safe and smooth opening and closing. It can be set in three different positions, allowing you to securely transport items of various sizes, including 1.21- x 2.43-meter sheet goods.

Optional 18-inch wheels shown.

lock it up

**LOCKABLE REAR UNDERSEAT
STORAGE BIN**

Hidden under the rear seat, this lockable and removable¹ box offers out-of-sight storage for plenty of gear. It includes two independently locking doors, movable dividers and a carry handle. Available.

organize every outing

FLEXIBLE REAR SEATING The 60/40 split-folding rear seat can be configured multiple ways. Both seatbacks can be folded down independently, or the seat bottoms can flip up. Standard.

LOCKABLE BEHIND-SEAT STORAGE The rear seatbacks can be locked upright using the vehicle key, providing secure and illuminated storage behind the seat, especially helpful when the top is off and the doors are removed! Standard.

MODULAR SEATBACK JEEP® UTILITY GRID SYSTEM Built into the seatbacks of Rubicon® are exclusive grids that support the addition of flexible storage. Strong nylon-woven straps will accommodate standard MOLLE-style bags. Standard on Rubicon models.

LOCKABLE GLOVE BOX AND CENTER CONSOLE These locking compartments are large and provide essential peace of mind. Standard.

BINS AND POCKETS The cabin is designed to help you stay organized with cubbies, pockets and bins throughout, giving you plenty of places to store phones, computers, tablets, maps, gaming devices and more. The two-tiered center console has a main bin big enough to fit an iPad® and a convenient top tray for smaller gear. Cup holders are sized to hold larger beverage containers and have a dedicated slot for cell phone or key fob storage.

HARDWARE STORAGE There's even a covered compartment under the rear seat to securely hold the bolts from the top, doors and windshield!

2021
Gladiator

RUBICON® GLADIATOR RUBICON® Bearing the name that stands for ultimate mastery within the Jeep® Brand, Gladiator Rubicon® arrives with all the features that make it worthy to master the world's most challenging terrain. The Rock-Trac® active on-demand full-time 4x4 system and an electronic sway bar disconnect are supported by heavy-duty off-road Dana® 44 axles. The front and rear selectable lockers, plus available FOX® 2.0 performance shocks, raise its capability to the greatest of heights. A full complement of skid plates keep it all protected. Inside, the cabin boasts a long list of premium standard features.

CELEBRATING  YEARS OF THE JEEP® BRAND

(1) Be sure to follow all instructions in Owner's Manual for removal of top and doors, and lowering of windshield. Driving with the doors off and windshield down is for off-road use only. (2) Always check entire surroundings visually before proceeding. (3) Do not attempt water fording unless depth is known and consistent with the vehicle's water fording rating in the Owner's Manual. Traversing water can cause damage that may not be covered by the new vehicle warranty. Always off-road responsibly in approved areas. (4) Check state and local laws regarding the use of remote start systems. (5) The Uconnect Phone requires a mobile phone equipped with the Bluetooth Hands-Free Profile. To check phone compatibility, please visit www.UconnectPhone.com. (6) Voice Text Reply feature requires a compatible mobile device that supports text messaging and Bluetooth. Visit www.UconnectPhone.com for system and device compatibility. (7) Requires an iPhone with Siri. Certain features are not available while the vehicle is in motion. iPhone must be within active cellular range. Customer's existing iPhone data rates apply to Internet-supported features. (8) To use Android Auto on your phone screen, you'll need an Android phone running 5.0 or higher and the Android Auto App. Google, Android, Android Auto, YouTube and other related marks and logos are trademarks of Google LLC. (9) Always drive carefully, consistent with conditions. (10) Always check visually for vehicles prior to changing lanes. (11) Always look before proceeding. An electronic drive aid is not a substitute for conscientious driving. Always be aware of your surroundings. (12) This system is solely an alert system for the front of the vehicle that does not take any actions to change vehicle dynamics to avoid a collision, not a substitute for active driver involvement. The driver must remain aware of traffic conditions and be prepared to use the brakes to avoid collisions. (13) Always drive carefully, consistent with conditions. Always wear your seat belt and obey traffic laws. (14) Always sit properly in designated seating positions with seat belts securely fastened at all times.
