

2021
Wrangler

Jeep®

these roots
have run deep
since 1941

BORN AS A PURPOSE-BUILT 4x4 FOR THE FRONT LINES OF WWII IN 1941, JEEP® 4x4s SOON TRANSITIONED FROM THE BATTLEFIELDS TO THE FARM FIELDS AND BACKROADS, WHERE THEY KEPT UP WITH HARD DAILY USE IN INDUSTRY AND RECREATION ALIKE. THROUGH 80 YEARS AND ALL MANNER OF TERRAIN AND WEATHER, A GROWING LINEUP OF JEEP® 4x4s HAS CONSISTENTLY MOVED THE BAR WITH STRONG DRIVETRAINS, INNOVATIVE ENGINEERING AND QUALITY COMPONENTS THAT STAND OUT FROM ALL OTHER 4x4 SUVs.

A white Jeep Wrangler is shown driving through a rugged, rocky canyon. The vehicle is positioned in the lower right quadrant, angled towards the left. It is navigating a path of large, reddish-brown boulders. In the background, a prominent natural rock arch frames the scene, with a clear blue sky visible through it. The lighting is bright, suggesting a sunny day, and the overall atmosphere is one of adventure and off-road capability.

original and
one-of-a-kind

LIKE NOTHING ELSE WITH A
PEDIGREE OVER 80 YEARS STRONG,
JEEP® WRANGLER STANDS OUT BY
GIVING YOU THE ABILITY TO
OVERCOME ANYTHING THE
ROAD PUTS BEFORE YOU.

top down around town

WITH STYLISH AND STREET-SMART
MODELS, JEEP WRANGLER CAN
BE AS NATURAL A FIT ON THE
BOULEVARD AS IT IS ON
THE BOULDERS.

proven off-road capability starts with 80 years of innovation

IN 1941, THE JEEP® BRAND OPENED THE DOOR TO AUTHENTIC CAPABILITY BY DEVELOPING THE FIRST 4WD SYSTEM, AND EVER SINCE, IT'S BEEN MOVING THE WORLD FORWARD WITH INDUSTRY-CHANGING ENGINEERING INNOVATIONS THAT GIVE YOU PERMISSION TO GO ANYWHERE, DO ANYTHING.®

SELEC-TRAC® FULL-TIME 4x4 SYSTEM This proven system, with its active 4WD transfer case, does all the thinking so you can enjoy the drive. It sends torque to the wheels with the most grip, providing continuous, optimum traction for all types of conditions. The Smart Lock feature keeps the system engaged during off-roading or inclement road conditions. Standard on Sport and Sahara® models.

Domestic Rock-Trac® 4x4 system shown.

ROCK-TRAC® FULL-TIME 4x4 SYSTEM Rubicon® rides with this extreme 4WD system and its 4:1 low-gear ratio. This allows Rubicon to crawl at a low speed for greater control and increases the amount of torque available at the wheel. It also provides Rubicon with the added convenience of a full-time, active transfer case that can provide optimal traction over changing road conditions. Standard on Rubicon.

the fortitude to get you there

SELEC-SPEED® CONTROL Manages vehicle speeds of 0.96 kph to 8 kph in 4-LO while traversing off-road terrain without requiring the driver to control the throttle or the brake, allowing the driver to focus on steering the vehicle in off-road situations. Available. Included with 8-speed automatic transmission.

HILL START ASSIST (HSA) AND HILL DESCENT CONTROL (HDC) HSA works to prevent Wrangler from rolling when starting on an uphill gradient. HDC is packaged with the 8-speed automatic transmission, helping Wrangler navigate steep declines at a steady speed. Available.

SELECTABLE TIRE-FILL ALERT When you're airing down tires for off-road situations, the system will chirp the horn when a pre-selected pressure is reached. When you're adding air back, it chirps the horn upon reaching the recommended on-road pressure. Available.

WHERE OTHERS TURN BACK, JEEP® WRANGLER IS FORTIFIED WITH THE STRENGTH TO GET UP, OVER AND AROUND THE TOUGHEST CONDITIONS OUT THERE. ADVANCED TECHNOLOGY PLAYS A BIG ROLE, TOO, ENSURING THAT YOU REMAIN ON TRACK. WRANGLER STAYS THE COURSE AND NEVER BACKS DOWN.

OFF-ROAD PAGES Access real-time performance data like suspension travel or keep an eye on your tilt-and-pitch. In-depth vehicle diagnostics, including wheel turn, articulation and transmission temperature, all help to provide an optimized experience. Available.

U.S. Uconnect® screen shown.

STEEL BUMPERS Built with ultra-strong steel to take the punishment of the trails. The front bumper can accept a winch, features integrated LED fog lamps and has removable end caps to help maneuver through tight spots. Available on Rubicon® models.

SKID PLATES Every Wrangler gets skid plates for the fuel tank, transfer case and transmission.

FORWARD-FACING OFF-ROAD TRAILCAM®* Mounted within the grille, provides an up-close view of the trail directly in front of your vehicle, helping you navigate over and around obstacles. Available.

locked-in

1. **TRU-LOK® DIFFERENTIALS** Front and rear electronic-locking differentials deliver maximum torque to both wheels, maintaining forward momentum for the ultimate in 4WD traction. An instrument panel-mounted rocker switch can lock either the rear or both axles. Paired with Rock-Trac® 4WD system on Rubicon® models.

2. **OFF-ROAD+** When engaged, it automatically deciphers the type of terrain Jeep® Wrangler is operating on and makes adjustments to key systems, including throttle, Selec-Speed® Control, traction control and transmission shift mode, for optimal performance. If enabled in 4-HI, it tailors operation for higher-speed sand performance. If enabled in 4-LO, it adjusts operation for low-speed rock crawling. Standard only on Rubicon models.

3. **FRONT SWAY BAR DISCONNECT SYSTEM** Flip a switch and the sway bar can be disconnected in 4-LO and 4-HI, allowing the front suspension to travel up to an additional 30 percent. It reconnects automatically at speeds above 28 kph. Standard only on Rubicon models.

SUNRIDER® SOFT TOP

Standard on all Jeep® Wrangler models, with an easy-to-use zipperless design. Its simple operation allows the top to glide open with the help of spring-loaded support bars. Crafted from heavy-duty, waterproof cloth material and available in Black.

FREEDOM TOP® MODULAR HARDTOP

This three-piece modular hardtop is light and easy to remove.³ For a full open-air experience, you can remove³ all three sections or let in the sun by just removing³ the two front panels. Available.

SKY ONE-TOUCH® POWER TOP

The first-ever power top on a Wrangler model invites in the fresh air with the push of a button. Open up even more with the easy-to-remove³ rear glass quarter panels. Available on Wrangler Unlimited models.

The image shows the interior of a Jeep Wrangler Rubicon from a driver's perspective. The dashboard is a vibrant red color, contrasting with the black leather seats and steering wheel. A large panoramic sunroof is visible, providing a clear view of a rugged mountain landscape under a blue sky with light clouds. The steering wheel features the Jeep logo. The center console has a touchscreen display and various control buttons. The overall atmosphere is one of adventure and freedom.

you'll love being

with just one look,
those craving style
and adventure are
bowled over by
this interior

Rubicon® takes the comfort of trailblazers seriously, with abundant standard and available features. Its iconic cabin makes a statement with Red Anodized mid-dash panels, adding Red accent stitching to the available McKinley leather-trimmed interior. An available factory-installed auxiliary switchbank lets you add up to four accessories and control them from your dash. The standard 7-inch full-color Multi-View Display scrolls through data, controlled via the uber-functional Jeep® Brand steering wheel. Upgrade to the Uconnect® 4 NAV. The bolted-on front-passenger grab handle is stamped, celebrating the name that was born to launch unforgettable adventures.

U.S. Uconnect® screens shown.

AUTOMATIC TEMPERATURE CONTROL

Constantly adjusts air temperature inside the cabin to create separate customized environments for driver and front passenger. Available.

HEATED STEERING WHEEL

Set this optional feature to automatically warm the full 360° circumference of the wheel when temps dip below 4.4°C. Available.

HEATED FRONT SEATS

You'll have three adjustments to choose from for each seat, so you can tailor your level of warmth to weather conditions and personal preference. Available.

U.S. Uconnect® screen shown.

Sahara® arrives with a long list of coveted creature comforts so you can comfortably ride into the sunset

You'll command a full complement of authentic Jeep® Brand capability with its standard Command-Trac® 4WD system, Dana® axles, skid plates, 6-speed manual transmission and the proven 3.6 Pentastar® V6 engine. Body-color fender flares, 18-inch polished aluminum wheels with painted Granite Crystal spokes and Silver Metallic grille accents are where Sahara® stands out in the Jeep Wrangler lineup. Inside, the premium cloth seats are superbly cushioned, embroidered with the Sahara logo, and a Uconnect® touchscreen radio with Apple CarPlay®⁴ and Android Auto™⁵ conveniently links your smartphone for easy access to your phone's functions. Automatic Temperature Control, push-button start and a leather-wrapped steering wheel are welcome standard features.

U.S. Uconnect® screen shown.

immersive waves of sound

ALPINE® PREMIUM SOUND SYSTEM

Surround yourself in an exhilarating audio experience with nine speakers, including an overhead sound bar, all-weather subwoofer and 552-watt amplifier. Available.

//////ALPINE

A red Jeep Wrangler is parked on a dirt road in a mountainous landscape. In the foreground, a person's arm is visible wearing a smartwatch with a blue band. The watch screen displays the Uconnect app interface, showing a red car icon and several control buttons. A large, semi-transparent Wi-Fi symbol is overlaid in the center of the image. The background features rugged mountains with patches of snow under a dramatic, cloudy sky.

IN TOUCH WHEREVER YOU GO

The Uconnect® system is your customizable, connected vehicle platform dedicated to safe and seamless communication, navigation and entertainment — all from one easy-to-use touchscreen.

Uconnect®

You're always connected with Uconnect, whether in your vehicle or via the app on your smartphone or smartwatch, which allows you to lock and unlock your vehicle remotely.

8.4-INCH UCONNECT® TOUCHSCREEN DISPLAY

DRAG-AND-DROP MENU BAR

COMPATIBILITY YOUR WAY

Uconnect® brings a wide range of interactive features to your vehicle and beyond through a highly intuitive communication experience.

UCONNECT® PHONE

Stay connected safely. Pairs a Bluetooth® phone to send and receive hands-free⁶ calls. Includes:

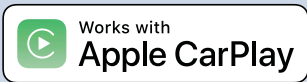

- **DO NOT DISTURB** to route incoming calls to voice mail and suppress text messages.⁷
- **VOICE RECOGNITION** to make hands-free⁶ calls, listen and respond to text messages,⁷ record voice memos, and select media stations and navigation destinations.

DRAG-AND-DROP MENU BAR

We've made it easy to customize your Uconnect dashboard with your favorite features and services. Simply press the Uconnect icon on the main menu bar to view all of the available apps. Tap and hold any one of the icons to drag and drop into a personalized menu bar.

SIRI® EYES FREE®

Just say it. Use voice commands with Siri® Eyes Free® and your connected iPhone® to create and send texts, make and receive calls, access directions, and play music. Available.

Display your favorite iPhone® apps right on your Uconnect® touchscreen. Access your iTunes® library, call anyone in your contacts list or just ask Siri® to help you out while you drive. Get directions, make calls and send messages, and connect to Apple Music, all without pausing your drive. Standard.

U.S. Uconnect® screens shown.

Bring the best of Google with you in your Uconnect system. Talk to Google on Android Auto™5 and get things done with your voice so you can keep your focus on driving. Easily send messages, get directions, control media and more. Just say, "Hey Google" or long-press the voice-control button on your steering wheel.

ADVANCED SAFETY & SECURITY SYSTEMS

WHEN IT COMES TO YOUR WELL-BEING ON THE ROAD, JEEP® WRANGLER IS READY AND WILLING TO STAND AS A CONSTANT GUARDIAN. WRANGLER ENVELOPS YOU WITH MORE THAN 75 STANDARD AND AVAILABLE SAFETY & SECURITY FEATURES. SENSORS AND CAMERAS KEEP WATCH AROUND YOUR PERIMETER FOR COMPLETE PEACE OF MIND.

BLIND SPOT MONITORING⁹ AND REAR CROSS-PATH DETECTION¹

Maintain a safe perimeter with the help of these sensor systems. Chimes and illuminated icons notify you when side or rear blind spots are encroached. Available.

PARKSENSE® REAR PARK ASSIST SYSTEM¹⁰

Works in tandem with the ParkView® Rear Back-Up Camera¹ to display previously hidden objects, bringing them to your attention on-screen and with an audible warning so you have time to react. At speeds below 6 kph, the system will automatically bring the vehicle to a stop if an object is detected. Available.

FULL-SPEED FORWARD COLLISION WARNING PLUS¹¹

Sensors detect when Wrangler may be approaching another vehicle too rapidly. An audible and visual alert is provided if the driver does not react in time. Available.

ADAPTIVE CRUISE CONTROL WITH STOP¹²

Take the guesswork out of keeping a safe distance from the car ahead while cruising on the highway. The system automatically adjusts cruising speed to maintain a preset distance between you and the vehicle ahead and can bring Wrangler to a complete stop without driver intervention to help avoid a collision. Available.

HILL START ASSIST (HSA) AND HILL DESCENT CONTROL (HDC)

HSA works to prevent Wrangler from rolling when starting on an uphill gradient. HDC is packaged with the 8-speed automatic transmission, helping Wrangler navigate steep declines at a steady speed. Available.

stay the course

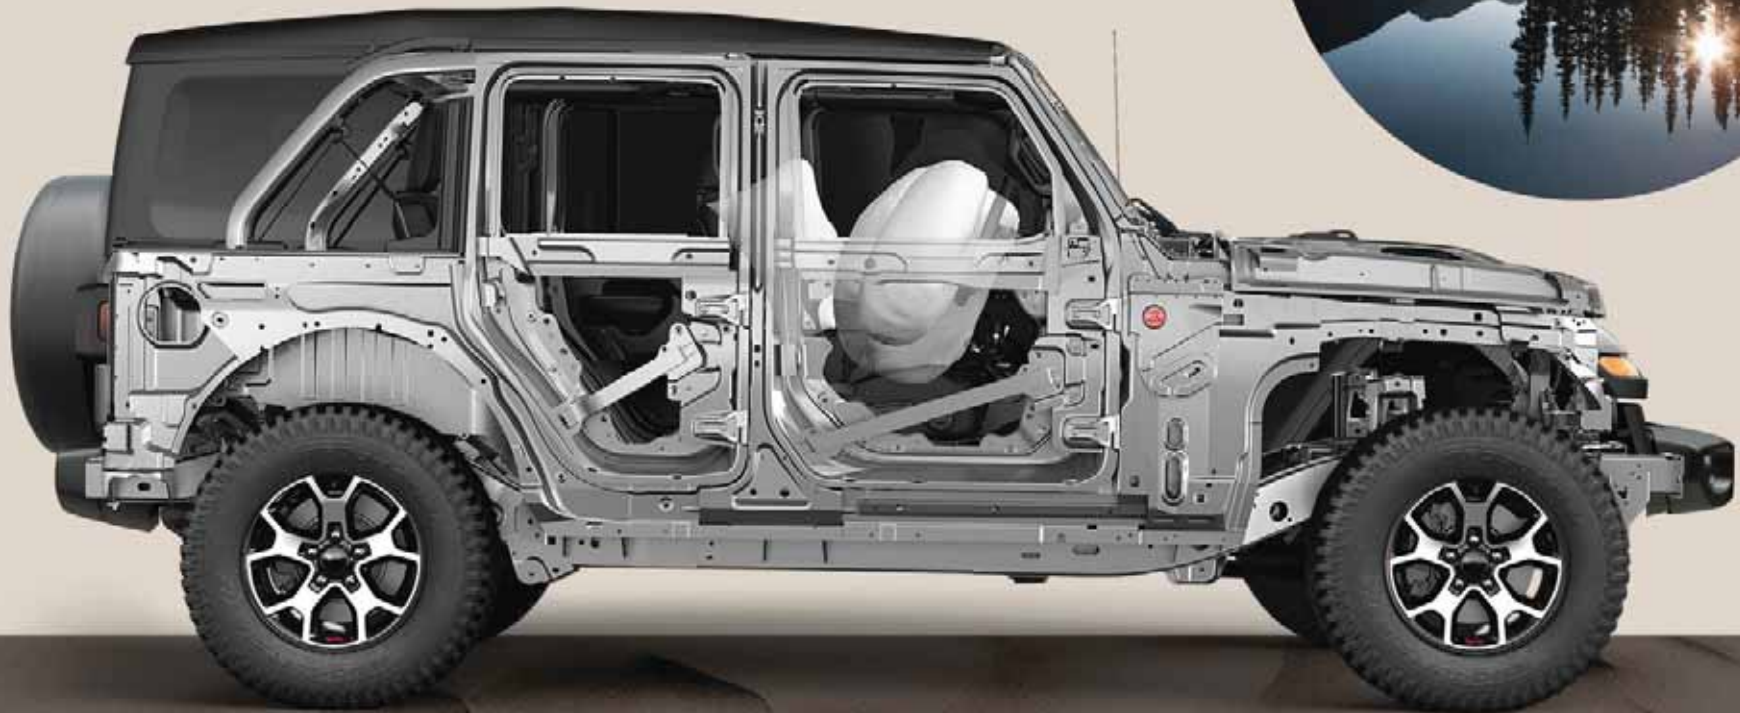

ELECTRONIC STABILITY CONTROL (ESC)¹³

A vehicle-wide network of safety sensors helps maintain vehicle control, providing instant aid should it detect you're veering off your intended path. ESC¹³ coordinates Electronic Roll Mitigation (ERM), Antilock Brake System (ABS) and Brake Assist, All-Speed Traction Control and available Trailer Sway Control (TSC);¹⁴ sending them into action when needed. Standard.

THIS HIGH-STRENGTH SUPER STRUCTURE
ADDS TO THE SAFEKEEPING OF EVERY
OCCUPANT AND IS FILLED WITH
FEATURES THAT ADD PEACE OF MIND.

respect for protected areas

BODY STRENGTH The exceptionally solid safety cage consists of high-strength steel paired with lightweight aluminum, making Jeep® Wrangler lighter in weight while still providing a very strong chassis. Standard.

ADVANCED MULTISTAGE AIR BAGS¹⁵ In the unfortunate occurrence of a collision, these air bags¹⁵ deploy nearly instantaneously, providing occupant protection that's matched to crash severity. Active vents exhaust air bags¹⁵ at appropriate rates, depending on impact. Standard.

SUPPLEMENTAL FRONT-SEAT-MOUNTED SIDE AIR BAGS¹⁵ Deploying from the outboard side of each front seat, these air bags¹⁵ enhance the protection of the driver and front-seat passenger in certain impacts. Standard.

ULTRASONIC AND ANTI-TILT SECURITY SYSTEM The alarm is activated by virtually any unauthorized movement, such as wheel removal or towing; illegal opening of a door, hood or swing gate; ignition start; cutting of battery leads; or motion inside the cabin. Available.

SENTRY KEY® ANTITHEFT ENGINE IMMOBILIZER A unique, embedded key code matched only to your vehicle helps keep your Wrangler safe where you parked it. Standard.

ENHANCED ACCIDENT RESPONSE SYSTEM (EARS) This system makes it easier for emergency personnel to see and reach occupants in the event of an accident, turning on interior lighting, flashing hazard lamps and unlocking power doors after air bag¹⁵ deployment. Standard.

see the world
safely and in
a new light

LED LIGHTING GROUP Maintain a unique — and safe — presence after dark and add extra visual security during the day. The traditional round headlamps are equipped with unique daytime running lamps (DRLs), and the Group's LED headlamps, taillamps and front LED fog lamps enhance visibility during inclement weather. Available.

UCONNECT® INTEGRATED VOICE COMMAND WITH BLUETOOTH® Multitasking is the way of today's world, even when you're on the road. This important safety feature allows drivers to safely send, reply or listen to a text,⁷ take or make phone calls, request detailed information like fuel prices, get navigation directions and more while keeping both hands on the wheel. Standard.

PARKVIEW® REAR BACK-UP CAMERA¹ WITH TRAILER VIEW When the vehicle is in Reverse, the Uconnect® screen displays a wide-angle view of what's immediately behind your vehicle, revealing objects that may have been out of your sight line (along with hearing an audible warning). On-screen dynamic grid lines help you see your back-up path or line up a trailer to your hitch. You'll also be able to keep an eye on your tow load while in motion. Available.

JEEP® WRANGLER UNLIMITED CAN CONFIDENTLY TOW UP TO 1587 KG WHEN PROPERLY EQUIPPED WITH THE AVAILABLE TRAILER TOW AND HD ELECTRICAL GROUP. WRANGLER IS ALSO IDEAL FOR TOWING BEHIND AN RV, SO YOU CAN ADD ITS OPEN-AIR OFF-ROAD CAPABILITY WHEREVER YOU GO.

poised
when pulling

Always tow within the vehicle's capacity.

TRAILER SWAY CONTROL (TSC)¹⁴
Crosswinds and traffic hold no sway over you and your payload. As part of Electronic Stability Control,¹³ TSC¹⁴ helps keep you and the toys you tow safely on course. Standard.

freedom is born from powerful choices

THESE JEEP® BRAND POWERPLANTS OFFER AN IMPRESSIVE MIX OF EFFICIENCY, POWER AND PULL

2.0 TURBO I-4 ENGINE WITH ENGINE STOP/START (ESS) TECHNOLOGY

Delivers impressive performance, yet sips fuel as an I-4 should. This remarkable engine offers smart energy-generating functions, including available ESS, electric power assist, extended fuel shutoff, transmission shift management, intelligent battery charging and regenerative braking. Direct injection boosts power while reducing emissions, and eTorque technology provides a smooth ESS experience, along with electric torque assistance. With its standard match to the 8-speed transmission, you'll enjoy strong takeoffs and smooth highway coasting. Available.

220
KILOWATTS

400
N•m OF TORQUE

3.6 PENTASTAR® V6 ENGINE

Load up, set your waypoint and go, enjoying powerful pull with welcome economy. This proven road star's performance employs friction-reducing applications that ensure its smooth operation. Improved fuel efficiencies compared to the previous Pentastar® generation add even more value, helped by the addition of ESS. It remains a brawny performer and is matched with the available 8-speed automatic transmission. Standard.

209
KILOWATTS

353
N•m OF TORQUE

8-SPEED AUTOMATIC TRANSMISSION

The launch ratios for all eight gears have been optimized, tuning this 8-speed transmission to the exact structure, size and weight of your Jeep® Wrangler. Advanced software adjusts performance on the fly, based on variables such as temperature, cornering, hill grades, 4WD gears and towing. Smooth and virtually seamless shifts, both up and down, deliver a consistently smooth ride. Standard.

gear up with room to spare

EVERYTHING HAS A PLACE WITH ALL THESE CLEVER AND CONVENIENT STORAGE OPTIONS. STAY ORGANIZED WITH IMPORTANT ITEMS RIGHT AT HAND. PLUS, JEEP® WRANGLER UNLIMITED OFFERS 2050 LITERS OF CARGO ROOM WITH THE REAR SEATS FOLDED, GIVING YOU PLENTY OF ROOM TO PACK IT ALL IN.

IN-FLOOR STORAGE BIN The cargo floor behind the second row of seats hides a storage area whose lid secures when the swing gate is closed — perfect for storing larger items.

TRAIL RAIL™ CARGO MANAGEMENT SYSTEM

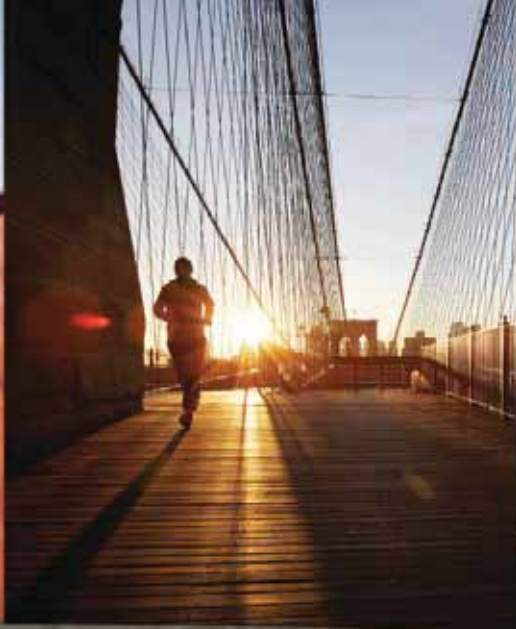

Increase your cargo-carrying capability with this versatile system, optional on all Jeep® Wrangler models. It includes aluminum rails on the tailgate and cargo floor, along with cargo anchors that lock into place (four anchors included with two-door models, six with four-door models).

MODULAR SEATBACK JEEP® UTILITY GRID SYSTEM

Exclusive to and integrated into the Rubicon® front seatbacks, it allows for additional flexible storage options. Durable nylon woven straps accommodate standard Modular Lightweight Load-carrying Equipment (MOLLE)-style bags. An available Mopar® kit includes a set of three bags (small, medium and large), each with attachment straps and featuring the Jeep Brand logo.

BINS AND POCKETS The cabin is designed to help you stay organized with cubbies, pockets and bins throughout, giving you plenty of places to store phones, computers, tablets, maps, gaming devices and more. The two-tiered center console has a main bin big enough to fit an iPad® and a convenient top tray for smaller gear. Cup holders are sized to hold larger beverage containers and have a dedicated slot for cell phone or key fob storage.

2021
Jeep Wrangler

RUBICON® WRANGLER RUBICON®

This mighty trail-master arrives fully equipped with all of the proven features that make it worthy of tackling the world's wildest terrain. Standard features include all-terrain tires, locking front and rear Dana® 44 heavy-duty axles, electronic sway bar disconnect, Rock-Trac® 4:1 transfer case with a crawl ratio of up to 84:1 and steel off-road rock rails.

CELEBRATING 80 YEARS OF THE JEEP BRAND[®]

(1) Always check entire surroundings visually before proceeding. (2) Do not attempt water fording unless depth is known and consistent with the vehicle's water fording rating in the Owner's Manual. Traversing water can cause damage that may not be covered by the new vehicle warranty. Always off-road responsibly in approved areas. (3) Be sure to follow all instructions in Owner's Manual for removal of top and doors, and lowering of windshield. Driving with the doors off and windshield down is for off-road use only. (4) Requires compatible iPhone. See dealer for phone compatibility. Data plan rates apply. Vehicle user interface is a product of Apple. Apple CarPlay is a trademark of Apple Inc. iPhone is a trademark of Apple Inc., registered in the US and other countries. Apple terms of use and privacy statements apply. (5) To use Android Auto on your phone screen, you'll need an Android phone running 5.0 or higher and the Android Auto App. Google, Android, Android Auto, YouTube and other related marks and logos are trademarks of Google LLC. (6) The Uconnect Phone requires a mobile phone equipped with the Bluetooth Hands-Free Profile. To check phone compatibility, please visit www.UconnectPhone.com. (7) Voice Text Reply feature requires a compatible mobile device that supports text messaging and Bluetooth. Visit www.UconnectPhone.com for system and device compatibility. (8) Requires an iPhone with Siri. Certain features are not available while the vehicle is in motion. iPhone must be within active cellular range. Customer's existing iPhone data rates apply to Internet-supported features. (9) Always check visually for vehicles prior to changing lanes. (10) Always look before proceeding. An electronic drive aid is not a substitute for conscientious driving. Always be aware of your surroundings. (11) This system is solely an alert system for the front of the vehicle that does not take any actions to change vehicle dynamics to avoid a collision, not a substitute for active driver involvement. The driver must remain aware of traffic conditions and be prepared to use the brakes to avoid collisions. (12) This system is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of traffic conditions and be prepared to use the brakes to avoid collisions. (13) Always drive carefully, consistent with conditions. (14) Always drive carefully, consistent with conditions. (15) Always sit properly in designated seating positions with seat belts securely fastened at all times.
