

2022 FORD
EVEREST®

A SOURCE OF **WONDER.**

This SUV, with a just-right footprint and outsize capabilities, deserves its impressive name. The 2022 Ford Everest is built tough and fully qualified to take you and your team of adventurers off the beaten path. With seating for up to 7 occupants, up to 2,010 liters of cargo space, and available PowerFold® 3rd-row seats, Everest easily adapts to multiple scenarios.

The available Intelligent 4WD System helps you negotiate different types of terrain. And with the turn of a dial, the available Terrain Management System™ automatically calibrates engine responsiveness, transmission gearing and vehicle control systems to provide the optimum traction, driveability and performance. Plus, the XLS left-hand-drive (LHD) model makes the climb attainable for even more drivers. Everest. Aim high.

ARTFUL ARCHITECTURE.

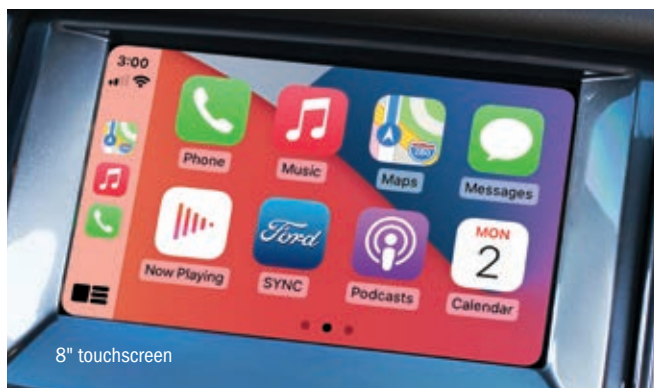

What turns an already great-looking vehicle into a fantastic-looking one? You start with the simple things, like adding a vibrant center-mounted color touchscreen, and finishing it off with available ambient lighting to set the mood as you travel to your next adventure.

AVAILABLE 6-WAY POWER DRIVER AND FRONT-PASSENGER SEATS

Whether you're driving or just enjoying the scenery along the route, find your perfect comfort position with convenient power seat controls that can make any journey more pleasant.

AVAILABLE 10-SPEAKER AUDIO SYSTEM

10 strategically placed speakers deliver crystal clear acoustics that turn every drive into a traveling concert hall.

ROOM FOR YOUR CREW.

POWER UP

Use the USB and 12V powerpoints to help keep your electronic devices charged and ready to go.

QUIET SOLITUDE

Constructed using noise-canceling materials, the cabin includes an acoustic-laminate windscreen to help keep outside sounds from interfering with your peaceful drive.

COVERED FRONT TO BACK

An available driver's knee airbag¹ and available front-seat side airbags¹ offer peace of mind, while available side-curtain airbags¹ give all occupants an extra sense of security.

Available dual-panel sunroof

Limited. Ebony leather-trimmed seating surfaces. Seats up to 7. Available equipment.
1. Always wear your safety belt and secure children in a rear seat.

Limited. Diffused Silver Metallic. Available equipment.

1. When properly equipped. 2. Horsepower and torque are independent attributes and may not be achieved simultaneously.

POWER FOR YOUR ADVENTURES.

With 148 hp for plenty of pep when needed, the available 2.2L engine comes equipped with a 6-speed automatic transmission. The available 197-hp 3.2L engine churns out 347 lb.-ft. of torque for nearly effortless progress in challenging driving conditions. It's also matched with a smooth-shifting 6-speed automatic transmission.

2.2L TURBO DIESEL

3,000 KG MAX. TOWING CAPACITY¹

148 MAX. HP²

284 MAX. LB.-FT. TORQUE²

3,100 KG MAX. TOWING CAPACITY¹

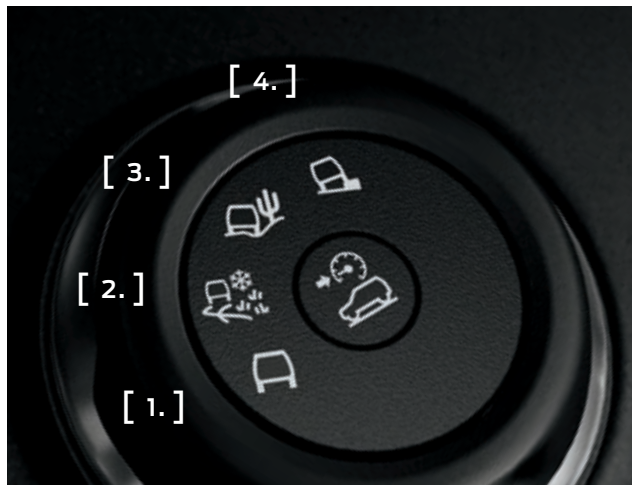

197 MAX. HP²

347 MAX. LB.-FT. TORQUE²

Standard on XLT (LHD) & Limited; Available on XLT (RHD)

EXCEPTIONAL CAPABILITY.

With a name like Everest, you know you're capable of going places lesser vehicles fear to tread. Better yet, you know it's built tough. But that means nothing if it can't take on all types of terrains. The available Terrain Management System™ with Selectable Drive Modes lets you dial up the ride experience you desire, or the one that conditions call for. Electronic Stability Control (ESC) and Roll Stability Control aid in helping to keep Everest firmly planted on the ground.¹

Limited. Sunset Metallic. Available equipment. Asia-Pacific model shown.

1. Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions.

1. NORMAL

The Terrain Management System automatically adapts to maximize traction during everyday driving conditions, delivering torque to the front wheels when necessary to help minimize wheelspin.

2. GRAVEL/GRASS

This mode upshifts early and downshifts later to keep engine speeds low, helping provide more predictable responses to your throttle inputs on slippery surfaces. In addition, reduced throttle pedal sensitivity is designed to enhance control.

3. SAND

Provides aggressive torque transfer, allowing more wheelspin to help maintain forward momentum in soft sand. It also helps keep you on the move by avoiding upshifts when you lift the throttle, and early downshifts when you apply the brakes.

4. MUD/RUTS

Provides aggressive torque transfer to help you traverse rocky terrain. It holds 1st gear for improved low-speed control, and helps reduce wheelspin to retain traction when you need it most.

BACKCOUNTRY IS BUILT IN.

Every time you set out in Everest, you feel it. The call of the wild. The need to get as far away from civilization as possible. You can, with off-road capability geared to put you there, thanks to impressive ground clearance and generous approach and departure angles. Plus, it has an ample fording depth for when your trail turns into a river bed.¹

227-MM GROUND CLEARANCE²	29.5° APPROACH ANGLE²	21.5° BREAKOVER ANGLE²	25° DEPARTURE ANGLE²	800-MM FORDING DEPTH
--	---	--	--	-------------------------------------

Assisted Parallel Parking

SYNC HEARS YOU.

Use simple voice commands, or a quick tap or swipe of its standard LCD capacitive touchscreen, and available SYNC[®] 3 voice-activated technology^{1,2} puts you in touch with enhanced, next-level connectivity. You'll love all of its features and easy-to-use interface. SYNC AppLink^{®3} gives you voice control of compatible mobile apps, too. Rather see your phone's familiar interface⁴ on the big screen? Take your pick.

1. Don't drive while distracted or while using handheld devices. Use voice-operated systems when possible. Some features may be locked out while the vehicle is in gear. Not all features are compatible with all phones. Functionality varies by market.
2. Availability varies by market. 3. Certain restrictions, 3rd-party terms and data rates may apply. See your Ford Dealer for details. Commands may vary by phone and AppLink software. 4. Requires phone with active data service and compatible software. SYNC does not control 3rd-party products while in use. 3rd parties are solely responsible for their respective functionality.

FLEXIBLE SPACES

FIT YOUR GEAR.

The 2022 Ford Everest is many things in addition to being an eager adventure seeker. When it isn't hauling the entire family, it's more than capable of hauling a bountiful amount of cargo. With the 2nd- and 3rd-row seats folded down, you can open up a massive 2,010 liters¹ of cargo space. As a matter of fact, available PowerFold[®] 3rd-row seats make it easy to find some extra space at the press of a button, folding flat to give you a stable surface.

PERSONALIZATION MAKES IT YOURS.

ACCESSORIZE IT.

For some people, aluminum wheels and splash guards are enough to set their vehicle apart. But others want to make their Everest truly their own. Ford Accessories allow you to personalize your Everest to your exact needs, interests, hobbies and more. And each accessory is designed specifically for your Everest, so you can be assured of a perfect fit. See your dealer for a complete list of available Ford Accessories.

accessories.ford.com
